Beneficial bacteria can help support healthy intestinal flora balance*

Humans' intestinal flora is naturally colonized by trillions of microorganisms. Maintaining a natural balance between all bacteria species is important for overall digestive health. **CVS Health™ Probiotic** is a proprietary probiotic blend containing 10 different species of friendly bacteria and, when taken daily, helps naturally balance the digestive flora.*

Directions Adults and adolescents 12 years and older: As a dietary supplement for intestinal microflora balance*, take one capsule daily at mealtime.
