

PHARMANEX® STANDARD: Coenzyme Q10 (CoQ10) helps produce energy at the cellular level to nutritionally support the body's major tissues and organs and to provide anti-aging benefits. CoQ10 supports heart health and helps protect brain cells, an important factor in preserving mental function. Since CoQ10 is a powerful antioxidant and "recycles" vitamins C and E, it supports the entire antioxidant network in the skin and throughout the body. NanoCoQ10® is a proprietary form of CoQ10 that utilizes breakthrough mono-molecular encapsulation technology to wrap each CoQ10 molecule in an easily absorbable carbohydrate ring. Preliminary research suggests that nanotechnology dramatically improves bioavailability.*

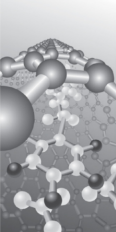

DIRECTIONS FOR USE: As a dietary supplement take one (1) capsule daily with food.

WARNING: Keep out of reach of children. If you are pregnant or lactating, or taking anticoagulants, antithrombotics, or other prescription medication, please consult a physician before taking this product. Do not use if safety seal is broken or missing.
