

WARNING: Accidental overdose of iron-containing products is a leading cause of poisoning of children under 6. Keep this product out of reach of children. In case of accidental overdose, call a doctor or poison control center immediately.

Dosage and Administration: Usual Adult dose: one softgel daily or as prescribed by your doctor.

WARNING: Folic acid alone is improper therapy in the treatment of pernicious anemia and other megaloblastic anemias where Vitamin B12 is deficient.

In case of accidental overdose call a doctor or poison control center immediately. Iron is toxic. When overdoses are ingested by children, severe reactions, including fatalities, have resulted. C-Nate DHA should be stored beyond the reach of children to protect against accidental iron poisoning. Keep this and all drugs out of reach of children.
