Not manufactured with wheat, gluten, soy, milk, egg, fish, shellfish or tree nut ingredients. Produced in a GMP facility that processes other ingredients containing these allergens.

Store in a cool, dry place after opening. Please Recycle.

SUGGESTED USAGE: As a dietary supplement, take 1 tablet 1 to 2 times daily with food. Consider taking these other NOW® products: Co-Enzyme B-Complex, Methyl B-12 and Magnesium.

Vitamin B-6 (pyridoxine) acts primarily as an enzyme catalyst in many body processes including energy metabolism and neurotransmitter function. Before it can be used for this purpose it must be converted into its coenzyme form by the liver. P-5-P eliminates this step by providing B-6 in its converted form, allowing for greater bioavailability. This product is enterically coated to avoid potency loss during digestion.*
