

Clean Sourced

Antler Farms® New Zealand Fish Oil comes from the deep blue waters of New Zealand and the South Pacific. As one of the world's most isolated and pristine natural environments, New Zealand is an ideal source for pure, clean fish oil that is rich in Omega-3 fatty acids.*

Processed for Freshness

Our fish oil is filtered, purified and distilled on location in Tasman Bay – New Zealand's largest deep sea fishing port in the heart of the fishing industry. With high speed of processing from ocean to facility, our fish oil is exceptionally fresh, naturally bioactive and nutritionally complete.*
