

Green eeTee™ is truly eeextraordinary™ in many ways!

Easy - Green eeTee™ dissolves clear in seconds, even at room temperature. Just scoop, stir and serve.

Economical - Less raw materials, less energy consumption, ecological water technology all contribute to a lower cost.

Effective - With FITT™, 95-98% of all of the plant's active ingredients are transferred to the eeTee™ extract.

Ecological - FITT™ uses 33% less energy than traditional extraction methods and produces 1/10th the waste of home brewing.

Supplement Facts

Premium eeTee Instant Granules

FITT

2.1 oz./60g Makes: 75 Dietary Supplement

綠茶

Green Tea - *Camellia sinensis*

Green eeTee™ is made from organic hand-picked young tea leaves. Following the Five Elements theory, only early spring harvest is used to ensure a stronger WOOD elemental energy that is said to benefit the Liver functions and creativity.

This product is produced by **FITT™**, Fingerprint Identical Transfer Technology™. This proprietary extraction technology captures the original phyto-chemical profile of a botanical (the plant's fingerprint) and transfers it safely and almost identically into the final extract, preserving the aroma, color and taste of the plant perfectly.*

FITT™ is a **raw** extraction, with the entire process' temperature controlled **under 104° F**.

Instructions: Add 1/2 teaspoon (0.8 g) of **Green eeTee™** powder to 1 cup of water (8 oz), hot or room temperature, stir or shake until the powder completely dissolves. For iced tea, use room temperature water to dissolve the powder first then add ice. You may flavor the tea with sweeteners, fruits, or herbal tinctures. You may also adjust the amount of **Green eeTee™** to your liking. 1-4 servings per day.

Highly hydrophilic. Keep the inner bag tightly closed at all times.
