**Flavor** — Delightfully balanced mature flavor that is subtly earthy with a touch of ripe vegetal sweetness

Oolong Tea is semi-fermented, between un-fermented white and green teas and the fully fermented black teas. The leaves are hand-picked and skillfully oxidized to craft Oolong's beautiful amber hue. Easy-on-the stomach and pleasantly robust with full-bodied flavor. Antioxidant-rich and phytochemically potent.\*

Dietary Supplement

Net Wt. 1.9 oz (54 g)

# Oolong Tea

**Directions:** Add the amount of botanicals per a recipe, as desired, or as directed by a health practitioner. The proper way of extracting botanicals depends on parts used. Flowers, fruits and leaves can usually be *steeped* or *decocted* (boiling over fire) while stems, barks and roots typically require *decocting*.

In a *Desktop Botanical Garden™* *Glass Tea & Elixir Maker*, add 1 part botanical(s) and 5-8 parts water, steep or decoct for 5-20 minutes. You can boil water directly in the *Elixir Maker*. Repeat this process for 2<sup>nd</sup> or 3<sup>rd</sup> extraction until all active constituents have been extracted.
