Snow Lotus Beauty eeTee®

White Snow Lotus from the highest peaks of the Himalayas is one of the premier beauty tonics in the world, but is extremely rare and precious. The flower blooms above the snowline only once every five years. When combined with White Peony, Pearl powder, Licorice root and natural xylitol, it makes a "beauty super-tea" by purifying the blood and cleansing the skin from within. Pearl has been used by men and women alike since ancient times to purify the blood and promote beauty. White Peony and Licorice root support the cleansing functions of the liver, relax the body and support a youthful countenance.*

This product is produced by **FITT™**, Fingerprint Identical Transfer Technology™. This proprietary extraction technology captures the original phyto-chemical profile of a botanical (the plant's fingerprint) and transfers it safely and almost identically into the final extract, preserving the aroma, color and taste of the plant perfectly.

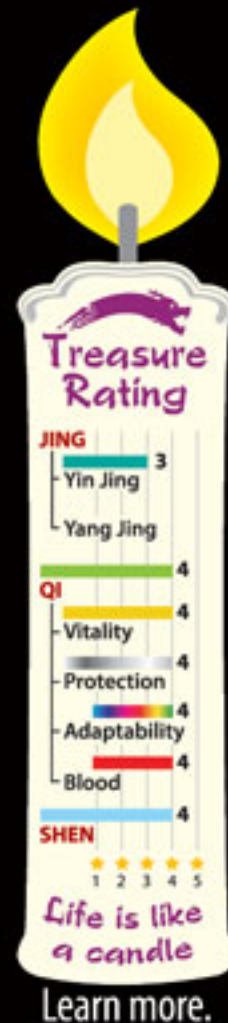

FITT™ is a **raw** extraction, with the entire process' temperature controlled **under 104° F**.

Instructions: Add 2 g (approximately 1 teaspoon) of **Snow Lotus Beauty eeTee®** powder to 2-3 oz. of water, hot or room temperature, stir or shake until the powder completely dissolves. For iced tea, use room temperature water to dissolve the powder first then add ice. You may flavor the tea with sweeteners, fruits, or herbal tinctures. You may also adjust the amount of **Snow Lotus Beauty eeTee®** to your liking. 1-4 servings per day.

Highly hydrophilic. Keep the inner bag tightly closed at all times.
