

Virugomax eeTee® is truly eeextraordinary™ in many ways!

Virugomax™ formula was developed over a course of 5 years (1971-1975) by a team of experts. It has an impeccable track record for its efficacy with over a billion doses consumed in China. It is a broad spectrum immune supporting and cooling formula. It preserves and rejuvenates the Yin while opening up the orifices of the Lungs and the Stomach. FITT™ cool extraction preserves the critically important heat-sensitive aromatic constituents in the "surface-relieving" herbs of this formula. Virugomax™ is safe with no known side effects. A Dragon Herbs U.S. exclusive.*

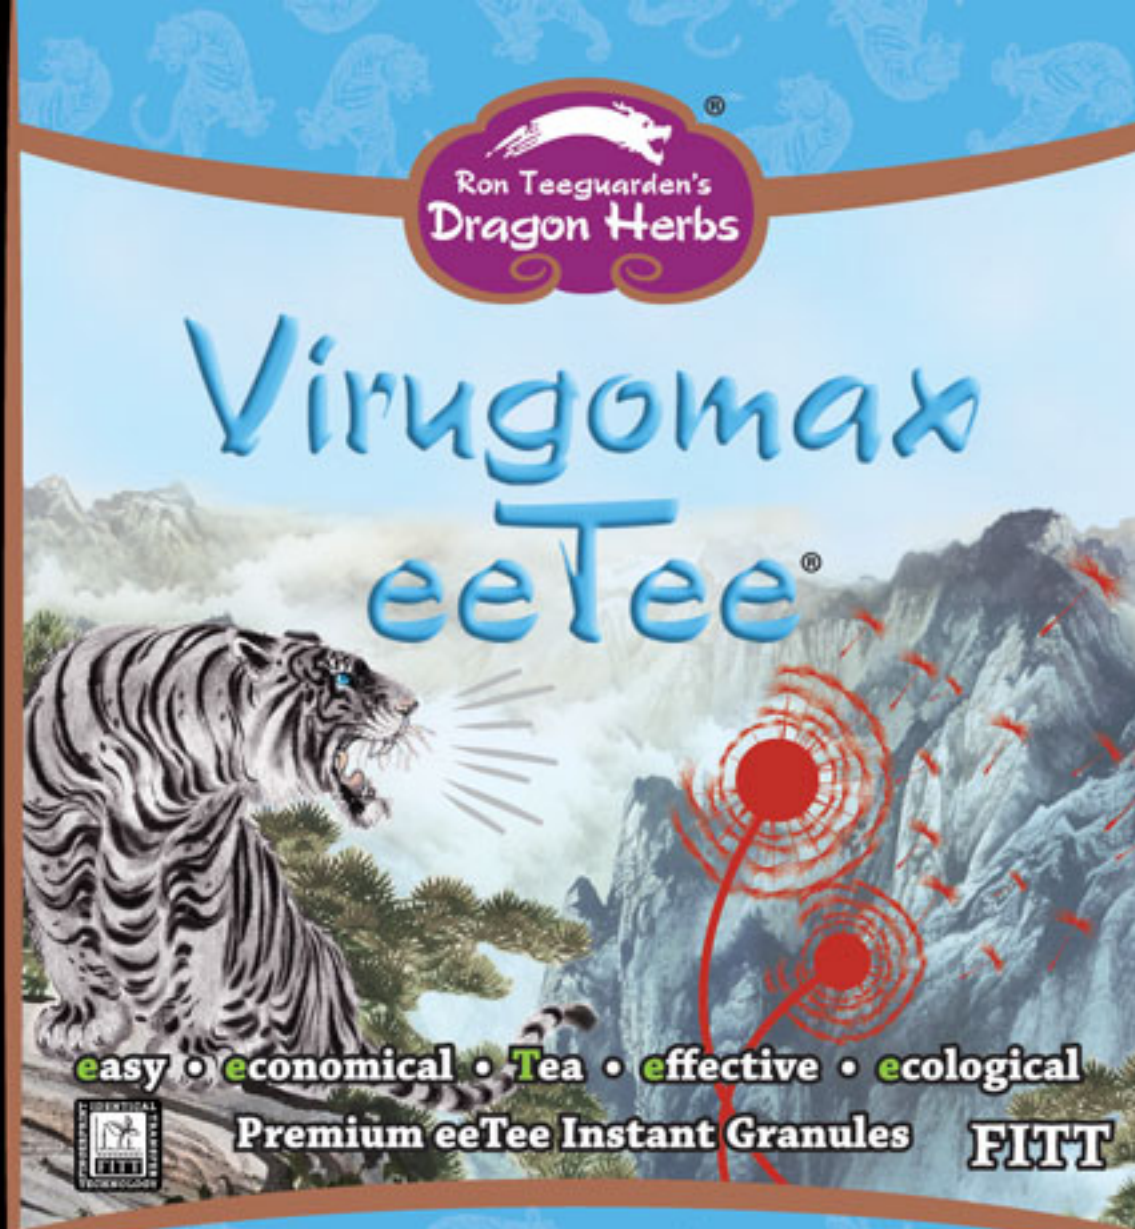

FINGERPRINT IDENTICAL™ Produced using **Fingerprint Identical Transfer Technology™ (FITT)**, a high-tech raw extraction with the entire process' temperature controlled under 104 °F. FITT™ preserves the phytochemistry, aroma, color and taste of the original plants.

Easy - Virugomax eeTee® dissolves clear in seconds, even at room temperature. Just scoop, stir and serve.

Effective - With FITT™, 95-98% of all of the plant's active constituents are transferred to the eeTee® extract.

Ecological - FITT™ uses 33% less energy than traditional extraction methods and produces 1/10th the waste of home brewing.
