Duanwood Reishi™ Spore Oil

Dragon Herbs' Duanwood Reishi™ (*Ganoderma lucidum*) is grown on tree logs in pristine remote mountains. Our spore oil is a clear golden oil extracted directly from cracked-shell spores using advanced **CO₂ super-critical extraction** technology. This oil is the concentrated pure essence of all the lipid-soluble constituents contained in Reishi spores, such as triterpenes and nucleosides, and some water-soluble constituents. The lipid-soluble constituents in Reishi spore oil distinguish this product from other Reishi products. Each 500 mg softgel contains at least **150 mg of triterpenes**, the most potent active constituent of Reishi. Reishi spore oil is easily absorbed by our body.

Dragon Herbs Duanwood Reishi™ Spore Oil is **extremely concentrated**. Every softgel (½ gram) of Spore Oil is made from 1000 grams of Reishi mushrooms, an astonishing raw material to finished product ratio of **2000:1**.

*Produced in a modern GMP certified pharmaceutical facility.

* These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.

Spring Duanwood Reishi™ Mushroom

Reishi Heaven

In this painting depicting Chinese Heaven, Reishi grows on a stone pedestal in the very center. Reishi is known traditionally as the "Herb of Immortality"!
