

Activated Curcumin

Dietary Supplement

100g

Activated Curcumin

Curcumin 95% derived from turmeric (*Curcuma longa*) is a potentially potent dietary supplement. However, curcumin is notoriously poorly absorbed by the human intestine into the bloodstream. Bioperine™, a natural pepper extract, has been shown to increase absorption of curcumin by as much as 2000%. Activated Curcumin™ contains the optimal 10% Bioperine™ required to assure efficient absorption of this quintessential dietary supplement. Add it to blender drinks.

Ingredients: Curcumin (*Curcuma longa*) extract, Black Pepper (*Piper nigrum*) extract

Usage: Add half a teaspoon per day to your daily smoothy blend or beverage of choice.
