Beet Juice Crystals™

The beet is legendary for its many health benefits. Beets are a natural source of many vital nutrients, and are a perfect instant-energy fuel for the body. Specially grown, freshly-harvested organic beets are cold-pressed, vacuum-dried and cold-milled into fine crystals that readily dissolve into juice, water, any favorite recipe or blender drink. Naturally sweet, Dragon Herbs Beet Juice Crystals™ is an easily assimilable nutritional goldmine. Beet Juice Crystals™ is a profound immune boosting and cellular protecting dietary supplement. The vivid red-violet beet pigments, *betacyanins*, are potent antioxidants known to support healthy oxygen uptake and blood circulation. Beet Juice Crystals™ also provide the powerful antioxidant *betaine* that supports healthy lymphatic and liver functions, which in turn support natural, sustained purification of the body. Beet Juice Crystals™ supports increased stamina, as well as sexual and structural health. Beet Juice Crystals™ also provides potassium, vitamin C, iron, phenols, healthy fiber, and multiple vitamins and minerals.

Ingredients: Organic beet juice powder
