

Maintain Normal Cell Growth

Curcumin, the key compound in the spice turmeric, green tea and resveratrol are potent antioxidants, able to protect cells from free radical damage as well as support the body's natural anti-inflammatory response. Together, these three clinically studied compounds promote healthy cell growth and protect cellular DNA.*

Each two softgels of **CuraMax™** deliver the equivalent amount of resveratrol as 10 glasses of red wine.

Recommendations: 1 softgel twice daily. May increase to 2 softgels twice daily for aggressive support, or as directed by your health care practitioner.

If pregnant or nursing, consult a health care practitioner before using.

All ingredients established in human studies for safety and effectiveness.
Does not interfere with stomach, liver or kidney function.

*THESE STATEMENTS HAVE NOT BEEN EVALUATED BY THE FOOD AND DRUG ADMINISTRATION. THIS PRODUCT IS NOT INTENDED TO DIAGNOSE, TREAT, CURE OR PREVENT ANY DISEASE.
