Not manufactured with wheat, gluten, soy, milk, egg, fish, shellfish or tree nut ingredients. Produced in a GMP facility that processes other ingredients containing these allergens. NOW® Sodium Ascorbate Powder is an inexpensive buffered form of Vitamin C and is Pharmaceutical Grade.

This product is sold by weight not volume.

Store in a cool, dry place after opening. Please Recycle.

SUGGESTED USAGE: As a dietary supplement, take 1/2 level teaspoon daily. Consider taking these other NOW® products: Citrus Bioflavonoids and Alpha Lipoic Acid.

Vitamin C is a water soluble nutrient well known for its vital role in the immune system. Vitamin C is necessary for the production of collagen (a structural protein in connective tissue) and is therefore important for skin, bone, and joint health. Vitamin C is also needed for amino acid metabolism, hormone synthesis, and the utilization of many nutrients, such as folic acid and iron. It is also a highly effective antioxidant that can protect the body's cells and molecules from damage by free radicals generated during normal metabolism.* This product supplies Sodium Ascorbate, a buffered form of Vitamin C that is gentler on the stomach.
