

- Clinically studied
- Highly bioavailable – up to 10 times higher than other curcumin
- High antioxidant ORAC value – 159,277**
- Healthy inflammation response*

A patent-protected method using micronized curcumin, turmeric essential oil, and phospholipids ensures that CuraPro® delivers a curcumin that is up to 10 times more bioavailable than plain curcumin 95%, as well as having an 8-12 hour retention time in the body. The result is a high-potency formula providing superior support for the body's natural anti-inflammatory response, a healthy immune and cardiovascular system, and resistance to free radical activity.*

Recommendations: 1-2 softgels daily, or as directed by your health care practitioner. This proprietary complex provides enhanced bioavailability and sustained retention time in the body.

If pregnant or nursing, consult a health care practitioner before use.

**Based on USDA evaluation of ORAC value per 100 grams turmeric. All ingredients established in human studies for safety and effectiveness. Does not interfere with stomach, liver or kidney function.
