

Bluebonnet's CellularActive® CoQ10 Ubiquinol Vegetarian Softgels are formulated with 200 mg of the active antioxidant form of CoQ10 (*ubiquinol*) rather than the popular, oxidized form (*ubiquinone*), which must be converted to ubiquinol in the body. Aging, intense training and certain medications may compromise the levels and/or natural production of CoQ10 in the body, as well as the conversion of *ubiquinone* to *ubiquinol*.♦

Free of milk, egg, fish, crustacean shellfish, tree nuts, peanuts, wheat and soybeans.

Also free of gluten, barley, rice, sodium and sugar.

Made in USA from domestic and imported ingredients.

CellularActive® is a registered trademark of Bluebonnet Nutrition Corp.

Kaneka Ubiquinol® is a registered trademark of Kaneka Corporation.

Caution: For adults only. Consult physician if pregnant/nursing, taking medication, or have a medical condition. Keep out of reach of children.
