

DIRECTIONS: Take one scoop daily, mixed with plain water, on an empty stomach, or as directed by your healthcare practitioner. Consume within 30 minutes of mixing.

Children and pregnant or lactating women should consult their healthcare practitioner prior to use. Do not use if tamper seal is damaged.

L-Glutamine is a conditionally-essential amino acid necessary for the maintenance of many metabolic functions. Under metabolic stress—such as illness/disease, injury, infection, surgery, chemotherapy, prolonged exercise, or environmental stress—physiological demands increase. L-glutamine supplementation can provide for the body's increased needs, and research suggests it may:

- Support Intestinal Health and Barrier Integrity*
- Support Healthy Immune Function*
- Support Muscle Mass Retention*
- Support Increased Glutathione Synthesis*

*These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.

STORAGE: Keep closed in a cool, dry place out of reach of children.

DOES NOT CONTAIN: Wheat, gluten, corn protein, yeast, soy, animal or dairy products, fish, shellfish, peanuts, tree nuts, egg, artificial colors, artificial sweeteners, or preservatives.
