ACTUAL SIZE

*These statements have not been evaluated by the FDA. This product is not intended to diagnose, treat, cure or prevent any disease.

Taurine is a conditionally essential amino acid which is not utilized in protein synthesis, but is mainly found free in most tissues, especially throughout the nervous system. Taurine has been found to be important in the formation of bile salts, cell membrane stabilization, and eye health. Taurine is well known for its role in the modulation of neurotransmitter activity and its relaxing effect on the mood.*

SUGGESTED USAGE: As a dietary supplement, take 1 capsule one or more times daily as needed. Take with juice or water, preferably between meals. Consider taking this product in combination with NOW® Magnesium Potassium Aspartate and B-6.

Double Strength Taurine
