## VITASPECTRUM™

**MULTIPLE VITAMIN/MINERAL/  
TRACE ELEMENT SUPPLEMENT  
IRON- AND COPPER-FREE**

**CITRUS FLAVOR  
GLUTEN- & CASEIN-FREE**

**5.8 OZ (165 GRAMS)**

### Supplement Facts

Serving Size 1 Scoop (Approx. 1 teaspoon or 5.5 grams) • Servings Per Container 30

| Amount Per Serving                                                                                                                                                            | % Daily Value   | Amount Per Serving                                                                                                          | % Daily Value |
|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----------------|-----------------------------------------------------------------------------------------------------------------------------|---------------|
| Vitamin A (64% (3,500 I.U.) as natural carotenes (alpha, beta, beta-cryptoxanthin, zeaxanthin, and lutein) from <i>D. salina</i> and 36% (2,000 I.U.) as vitamin A palmitate) | 5,500 I.U. 110% | Calcium (as calcium citrate-malate)                                                                                         | 300 mg 30%    |
| Vitamin C (as L-ascorbic acid USP)                                                                                                                                            | 500 mg 833%     | Iodine (from kelp)                                                                                                          | 150 mcg 100%  |
| Vitamin D <sub>3</sub> (as cholecalciferol)                                                                                                                                   | 1,000 I.U. 250% | Magnesium (as magnesium glycinate chelate***)                                                                               | 300 mg 75%    |
| Vitamin E (as d-alpha tocopheryl succinate plus mixed tocopherols d-alpha, d-beta, d-delta, d-gamma) from soy                                                                 | 150 I.U. 500%   | Zinc (as zinc glycinate chelate***)                                                                                         | 15 mg 100%    |
| Vitamin K <sub>1</sub> (as phytonadione)                                                                                                                                      | 60 mcg 75%      | Selenium (as selenium amino acid complex)                                                                                   | 200 mcg 286%  |
| Thiamine (as thiamine mononitrate)                                                                                                                                            | 25 mg 1667%     | Manganese (as manganese glycinate chelate***)                                                                               | 2 mg 100%     |
| Riboflavin                                                                                                                                                                    | 15 mg 882%      | Chromium (50% as chromium polynicotinate**** and 50% as chromium nicotinate glycinate chelate***)                           | 150 mcg 125%  |
| Niacin (67% as niacinamide and 33% as niacin USP)                                                                                                                             | 60 mg 300%      | Molybdenum (as molybdenum glycinate chelate***)                                                                             | 100 mcg 133%  |
| Vitamin B <sub>6</sub> (67% as pyridoxine hydrochloride and 33% as pyridoxal 5'-phosphate)                                                                                    | 15 mg 750%      | Potassium (as potassium chloride)                                                                                           | 99 mg 3%      |
| Folate (as 5-methyltetrahydrofolate)                                                                                                                                          | 400 mcg**100%   | Boron (as boron amino acid complex)                                                                                         | 2 mg *        |
| Vitamin B <sub>12</sub> (50% as methylcobalamin and 50% as 5-adenosylcobalamin)                                                                                               | 50 mcg 833%     | Vanadium (as bisglycinato oxovanadium)                                                                                      | 50 mcg *      |
| Biotin USP                                                                                                                                                                    | 300 mcg 100%    | Choline (as choline bitartrate)                                                                                             | 75 mg *       |
| Pantothenic Acid (as d-calcium pantothenate USP)                                                                                                                              | 50 mg 500%      | Inositol                                                                                                                    | 25 mg *       |
|                                                                                                                                                                               |                 | Citrus Bioflavonoids (85 mg as citrus bioflavonoid complex, min. 50% bioflavonoids, and 15 mg as hesperidin methylchalcone) | 100 mg *      |

\*Daily Value not established.

Other ingredients: Natural citrus flavor.

\*\*Amount of active isomer from mixed isomer form

\*\*\*Albion Laboratories

\*\*\*\*ChromeMate® brand InterHealth N.I. Covered by one or more U.S. Patents 4,923,855, 4,954,492 and 5,194,615.

Manufactured by ProThera® Inc.

Klaire Labs™ is a division of:

**ProThera, Inc.**

Reno, NV 89521 • 888-488-2488

**Free of the following common allergens:** milk/casein, eggs, fish, shellfish, tree nuts, peanuts, wheat/gluten, yeast, and soybeans. No sugar, magnesium stearate, maltodextrin, artificial sweeteners, salicylates, colors, flavors, or preservatives. All ingredients are of the highest quality and purity available. Formulated for the most sensitive individual.

**Suggested Use:** Adults or Children 4 or more years of age: 1 serving daily with food. Children less than 4 years of age: As directed by healthcare practitioner. Mix powder directly into room temperature or cold foods or beverages just before serving. Do not use if full-bottle shrinkwrap is broken or missing. Store in a cool, dry place (59°F-85°F) away from direct light. **KEEP OUT OF REACH OF CHILDREN.**

This product was made in a GMP and ISO 9001:2008 registered facility.
