

Mineral Blend offers unsurpassed support for natural levels of energy, cellular protection and rejuvenation. You're getting all the powerful benefits of Fulvic, plus the peak performance of Humic.

The incredible powers of Fulvic-Humic can be attributed to their interactions with all functions of the body; unparalleled absorption directly into cells, and vital interactions with organs and systems in the body. * Fulvic and Humic are also known as lignites, and have characteristics similar to shilajit.

Fulvic does its work on a cellular level where it spreads throughout the system to maintain healthy metabolic balance, supporting proper function of vital processes. Humic works in the GI tract (microbiome), providing powerful pre-biotics and encouraging natural removal of toxins to support healthy normal immune system function. The combined effect is a reduction in oxidative stress to the body, strengthening cellular integrity.*

Fulvic and Humic together:

- ▶ Provide essential electrical energy to revitalize normal cells*
- ▶ Boost absorption and bio-availability of ALL nutrients*
- ▶ Provide alkalizing minerals to encourage proper body pH*
- ▶ Support the natural removal of harmful pollutants from the body*

Mineral Blend supplies the tools to restore, repair and nourish because of the incredible cellular rejuvenation of Fulvic, combined with the balancing properties of Humic.*

Mineral Blend is an incomparable daily maintenance formula for the whole family. Fulvic and Humic Minerals are nature's perfect elixirs!

Directions: Adults: 1 fluid ounce, 1-3 times daily as needed. The bottle lid is a one ounce measure. Take with food for best absorption. Drink undiluted or add to non-chlorinated water, juice, or other Vital-Earth products. Refrigeration is not essential, but is beneficial to protect the naturally occurring trace enzymes and vitamins. Shake well.

Mineral Blend is a rich dark color because of the humic content, but you'll find that it has almost no taste when diluted in water. If health challenge exists introduce at 1/4 dosage to allow the body to detoxify slowly. Build up slowly to full dosage.

Since our products do not spoil like a food item, we list the Manufacture Date, to show freshness, instead of an Expiration Date. See Manufacture date below.

Precautions: Use only as directed. If you are pregnant, nursing or have a serious medical condition, consult a health professional before use. Keep out of reach of children.
