InSport (Refore and During Exercise): For higher intensity workouts, mix 4 scoops with your ideal amount of cool water for the session and begin sipping 15 minutes before the workput. For lower intensity workputs, use 2-3 scoops. For workputs or competition beyond one hour, repeat as needed. Begin drinking 15 minutes before the workout and every 15 minutes thereafter. May consume the entire serving before the workout if desired Recovery (After Exercise): Within 15 minutes after a high intensity workout, use 4 scoops

in 12+ ounces of cool water. After lower intensity workouts, use 2-3 scoops.
