

isura™ NON-GMO · MASS SPEC
Documentation ✓ Lab Tested ✓

Suggested usage: 1 capsule 2–3 times per day or as directed by a health professional.

Cautions: As with any supplement, consult your health professional before use if you are pregnant, breastfeeding, or trying to conceive, or if you are taking medication, have a medical condition, or anticipate a surgery. Keep out of the reach of children.

Milk thistle seeds contain a flavonoid complex known as silymarin composed of silybin, silydianin, and silychristin. Research has shown that it is the absorption of silybin that is the key to unlocking the health benefits of milk thistle.* However, regular silybin is poorly absorbed and easily destroyed when it enters the stomach and digestive tract. Siliphos is developed using a proprietary Phytosome technology developed specifically to optimize silybin absorption.

Manufactured by Natural Factors to ensure safety and potency in accordance with Good Manufacturing Practices (GMP) of the FDA and Health Canada.

Contains no artificial colors, preservatives, or sweeteners; no dairy, starch, sugar, wheat, gluten, yeast, soy, corn, egg, fish, shellfish, animal products, salt, tree nuts, or GMOs. Suitable for vegetarians/vegans. Sealed for your protection. Do not use if seal is broken. For freshness, store in a cool, dry place.
