

DIRECTIONS: Take one or two softgels one to three times daily, or as directed by your healthcare practitioner.

OmegaPure 820™ is an ultra-pure fish oil sourced from Norway. This highly concentrated natural oil provides 820 mg of omega-3 essential fatty acids per softgel. To assure maximum purity and freshness, the oil is stabilized with vitamin E (as mixed tocopherols), is molecularly distilled, and is independently verified to be free of PCBs, heavy metals, and pesticides. EPA and DHA from fish oil promote cardiovascular health by supporting the maintenance of triglyceride and cholesterol levels already within the normal range, and by supporting healthy platelet aggregation. Fish oil has also been shown to support joint tissue health and healthy brain and nervous system function.*
