Caution: For adults only. Take with food. Consult physician if pregnant/nursing, taking medication, have a medical condition (including a liver disorder), or are planning to have surgery. Keep out of reach of children.

*These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure or prevent any disease.

SUGGESTED USAGE: As a dietary supplement, take 1 capsule daily with a meal.

Selenium is a trace mineral that is essential for the production of the cellular enzyme, glutathione. Glutathione protects cells against oxidative stress and is important for the function of the body's natural detoxification mechanisms. Selenium is also important for optimal endocrine and immune system function and has been recognized for its role in prostate, colon, and lung health. This product provides Selenium Glycinate, a highly bioavailable form of Selenium, plus EGCG, a component of Green Tea, for its complementary support of glutathione production.*

Selenium 200 mcg Glycinate

FREE RADICAL PROTECTION

- With EGCG from Green Tea
- Glutathione Support*

120 Veg Capsules

A Dietary Supplement
Vegetarian/Vegan
