Yellow peas are well known for being a highly bioavailable protein. Bioavailability is the degree to which your body digests, absorbs and uses food. Proteins serve as the major structural component of muscles and other tissues. Proteins can also be used to build and repair muscle tissues after highly intense workouts.* Herbal Secrets™ Pea Protein may serve as an alternate to dairy products as it matches dairy-based proteins ability to help you feel full for longer.* Pea Protein helps support healthy weight management by suppressing the hunger hormone, ghrelin.* The high concentrations of the amino acid L-arginine in Pea Protein supports muscle growth and blood circulation.* Herbal Secrets™ offers Pea Protein in delicious Dutch Chocolate flavor!
