

Grown in India, Caralluma extract comes from a succulent plant or cactus. Herbal Secrets' Caralluma supplement helps to support healthy weight management by suppressing one's appetite and stop cravings.* In addition, Caralluma promotes lean muscle mass and energy production as Caralluma helps with fat metabolism.* When fatty acids are metabolized, ATP is released from cells, which helps you to feel more alert, active and energetic.*

WARNING: Do not exceed recommended dose. Pregnant or nursing mothers, children under the age of 18, and individuals with a known medical condition should consult a physician before using this of any dietary supplement.
