Guduchi was named Amrita in
the ancient texts of Ayurveda,
meaning divine nectar. It was
thought to produce ojas, or
immunity and life-force.*

Its popularity throughout history
and today is most likely because
the texts said it had a special power
called samanam, meaning it
bestowed balance throughout
the entire body.*

HAPPINESS THROUGH WELLNESS

Crafting traditional medicines based on
Ayurveda, a 5,000 year old science that
believes the journey back to wholeness
begins with nurturing the capacity for joy.

Trusting the gifts of nature and the
irreplaceable relationship between the
plant and its native soil for consistent
healing properties.

Contributing to the wellness of the earth
by teaching our family of farmers to grow
native plants sustainably on their land
and reduce the demand on the local
environment.

Building communities by advocating
women in farming, protecting fair prices,
providing maternal health, sponsoring
clinical services and offering school
wellness programs.

Believing that if wellness is the path to
happiness, we must contribute to the
wellness of all things. Wellness of people,
wellness of the environment, wellness of
our communities.
