The ancient texts of Ayurveda, which first identified Gymnema, called it Gurmar, or Sugar Destroyer. This time-tested plant has been used for thousands of years to support digestion and normal kidney function.*

Research has shown Gymnema's unique plant chemistry supports the metabolism of refined carbohydrates in both the digestive system and the pancreas.*

Used as a part of a healthy diet, Gymnema supports blood sugar balance already within the normal range.*

Featured herb on front: Gymnema (aerial parts)

Exp. Date: 24x7mm

HAPPINESS THROUGH WELLNESS

Crafting traditional medicines based on Ayurveda, a 5,000 year old science that believes the journey back to wholeness begins with nurturing the capacity for joy.

Trusting the gifts of nature and the irreplaceable relationship between the plant and its native soil for consistent healing properties.

Contributing to the wellness of the earth by teaching our family of farmers to grow native plants sustainably on their land and reduce the demand on the local environment.

Building communities by advocating women in farming, protecting fair prices, providing maternal health, sponsoring clinical services and offering school wellness programs.

Believing that if wellness is the path to happiness, we must contribute to the wellness of all things. Wellness of people, wellness of the environment, wellness of our communities.

FAMILY OWNED FOR OVER 90 YEARS
