Triphala translates humbly into the three fruits, but they are transformed when combined in a specific ratio and extracted with water, quickly becoming far more than the sum of their parts.

The ancient recipe of Triphala has been handed down for thousands of years and remains among the strongest of digestive tonics. It has been shown to support detox, gentle colon cleansing and regularity with reliability and safety.*

Featured herbs on front: Amla (dried fruit), Belleric myrobalan (dried fruit) & Chebulic myrobalan (dried fruit)

HAPPINESS THROUGH WELLNESS

Crafting traditional medicines based on Ayurveda, a 5,000 year old science that believes the journey back to wholeness begins with nurturing the capacity for joy.

Trusting the gifts of nature and the irreplaceable relationship between the plant and its native soil for consistent healing properties.

Contributing to the wellness of the earth by teaching our family of farmers to grow native plants sustainably on their land and reduce the demand on the local environment.

Building communities by advocating women in farming, protecting fair prices, providing maternal health, sponsoring clinical services and offering school wellness programs.

Believing that if wellness is the path to happiness, we must contribute to the wellness of all things. Wellness of people, wellness of the environment, wellness of our communities.
