Made in the U.S.A. www.nowfoods.com

*This statement has not been evaluated by the FDA. This product is not intended to diagnose, treat, cure or prevent any disease.

L-Tyrosine is a non-essential amino acid that plays an important role in the production of the neurotransmitters dopamine and norepinephrine. In addition, because L-Tyrosine is necessary for the synthesis of thyroid hormone and epinephrine (adrenaline), L-Tyrosine supports healthy glandular function and stress response.*

SUGGESTED USAGE: As a dietary supplement, take 1 capsule 1 to 3 times daily, preferably between meals.

L-Tyrosine

NEUROTRANSMITTER SUPPORT
