

CONTAINS NO artificial colors, flavors or preservatives; no wheat, gluten, milk, eggs, peanuts, tree nuts, soy, crustacean shellfish or fish. Suitable for vegans.

Many health concerns are initiated by the negative actions of Nuclear Factor Kappa B (Nf-Kb). The compounds found in spices, especially turmeric and rosemary, have been shown to reduce the activity of Nf-Kb.[†] **Inflammation Factor** also contains calcium phosphate for improved absorption, and ursolic acid, a potent material present in many health promoting herbs. Standardized spice concentrates are used as building blocks in the body for bioactive complexes which are especially helpful with muscle health, active lifestyles, and recovery.

**We Guarantee Our Supplements
for Potency and Purity**
