

CONTAINS NO artificial colors, flavors, or preservatives; no wheat, gluten, milk, eggs, peanuts, soy, crustacean shellfish or fish. Suitable for vegans.

Coconut oil is a source of lauric acid, a medium chain triglyceride (MCT) that possesses health benefits.[†] In the body, lauric acid is converted into monolaurin, a compound that supports the body's defenses.[†] Monolaurin acts by disrupting the lipid membranes of microorganisms so that the microbes cannot survive and reproduce. Few foods are high in lauric acid, which makes our **Coconut Oil Softgel** an easy and convenient means to consume this unique fatty acid. Evidence also suggests ingesting MCTs may support healthy triglyceride levels, brain health, and promote satiety.[†]
