

Suggested Usage: Take 1 capsule 1 to 3 times daily, preferably between meals. Do not exceed suggested dosage unless recommended by a physician.

DMAE (Dimethylaminoethanol) is an amino alcohol that is normally found in minute quantities in the brain. It is generally regarded as a precursor to the essential nutrient choline, which is needed for the brain to produce acetylcholine, a neurotransmitter involved in nerve signal transmission and healthy brain function.*

*These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure or prevent any disease.

Caution: For adults only. Not to be used if pregnant/nursing or have epilepsy, bipolar condition, schizophrenia or Parkinson's disease. Consult physician if taking medication or have a medical condition. Keep out of reach of children.
