Suggested Usage: Take 1 lozenge 1 to 3 times daily. Do not chew. Allow the lozenge to dissolve in mouth completely and swallow. Limit long-term consumption of high levels of zinc. Each lozenge of this product is an elderberry concentrate formulated with zinc and vitamin C. Zinc is a trace mineral that plays a critical role in immune system function.\* Echinacea, propolis and slippery elm have been added to complement this unique formula.

\*These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure or prevent any disease.

Not manufactured with wheat, gluten, soy, milk, egg, fish, shellfish or tree nut ingredients. Produced in a GMP facility that processes other ingredients containing these allergens.

Caution: For adults only. Individuals who are allergic to bees, bee products, or bee pollen should not take this product. Consult physician if pregnant/nursing, taking medication, or have a medical condition. Keep out of reach of children.

Natural color variation may occur in this product.
