

Suggested Use: Blend one (1) scoop into your favorite beverage or recipe twice per day. We recommend one serving in the morning and one in the evening. Mix thoroughly until completely dissolved.

Collagen is the major protein found in skin, hair and nails. It includes amino acids, which are essential building blocks needed for tissue growth and repair. As we age, collagen declines, and the body loses its ability to rebuild it, affecting the appearance of your skin and hair by causing skin dryness and wrinkles, dull hair and nails.

Use LuckyVitamin Pure Collagen daily to help support healthy skin, hair, and nails. Our Pure Collagen dietary supplement powder is made of Types 1 and 3 collagen, the most common types of collagen in the body. It also includes peptides, amino acids naturally derived from collagen protein. These peptides are easily absorbed by your body so you receive the maximum benefit.*

Caution: Consult your physician prior to using this product if you are pregnant, nursing, taking medication, or have a medical condition. Discontinue use two weeks prior to surgery. Keep out of reach of children.

Store in a cool, dry place after opening.
