MADE IN NEW ZEALAND

Xtend-Life™ Omega 3 / QH Premium features Xtend-Life's unique blend of natural New Zealand Hoki Oil and highly concentrated Tuna Oil (2000 mg) and offers the added benefits of Ubiquinol CoQ10 (50 mg), Astaxanthin (600 mcg) and Lycopene (2 mg) per serving. The Hoki Oil used in this product comes from the pristine waters of the Southern Ocean of New Zealand. The Tuna Oil is produced by enzymatic hydrolysis & molecular distillation. This provides exceptionally pure, concentrated oil in natural triglyceride form. The natural Astaxanthin and Lycopene provide exceptional benefits* including more attractive looking skin*. However, it is Ubiquinol which differentiates this product from the other Xtend-Life Omega 3 products. We use genuine Kaneka Ubiquinol™. This is a potent, non-oxidized form of CoQ10 which the body needs for maximum benefits*. It may also help the body generate peak levels of energy* and support general cardiovascular health*. Q+®, Kaneka Ubiquinol™, and the quality seal™ are registered or pending trademarks of Kaneka Corp.
