

DIRECTIONS: Blend, shake, or briskly stir two level scoops (52 g) into 8-12 oz chilled water and consume one to two times daily; or take one to two scoops approximately 20-30 minutes before each main meal (upper limit of six scoops/day); or use as directed by your healthcare practitioner.

OptiMetabolix™ is an exclusive combination of well-researched, clinically validated, and highly bioavailable ingredients that provides multimodal support for healthy insulin and glucose metabolism and related pathways. It features InSea™—an optimized blend of purified polyphenols from wild-crafted brown seaweed. InSea™ uniquely slows carbohydrate digestion and assimilation and can reduce the impact of high-glycemic foods. This newly developed, next generation dual carb controller is 100% natural, has an excellent safety profile, and is friendly to the gastrointestinal tract.*

OptiMetabolix also delivers other innovative ingredients, including VegaPro™—a proprietary sugar-free, sweetener-free, low-allergy-potential source of vegetable protein from pea protein isolate and rice protein concentrate—and ChaiSul®*, a patented water extract of cinnamon with a potent 10:1 yield ratio. Cinnamon has been studied extensively for its roles in supporting healthy glucose uptake, glycogen synthesis, and insulin action, along with maintaining blood lipids already within the normal range. These principal ingredients are complemented by the inclusion of thiamin (as benfotiamine) to boost transketolase activity; alpha-lipoic acid; green tea leaf extract; vanadium, chromium, and zinc as Aflon® TRAACS® chelates; 5-MTHF (bioactive folate) as Quatrefolic®; fiber from inulin; and other key vitamins and minerals.*

*These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.

CAUTIONS: Consult your healthcare practitioner before use. Do not use if you are pregnant or lactating, or if you are allergic to any ingredient. Keep out of reach of children.

STORAGE: Keep tightly closed in a cool, dry place.

DOES NOT CONTAIN: Wheat, gluten, corn protein, yeast, soy, animal or dairy products, fish, shellfish, peanuts, tree nuts, egg, artificial colors, artificial sweeteners, or preservatives.
