DIRECTIONS: Read the entire label before use and follow the directions provided. Assess your tolerance by mixing 1 serving (1 scoop) with 6 oz. of cold water and drinking it about 30 minutes before your workout. Then increase the dosage to 2 servings mixed with 12 oz. of cold water before your workout. Do not exceed 2 servings (2 scoops) in a 24-hour period. Maintain an adequate state of hydration during use.

WARNING: Not intended for use by persons under 18. Do not use if pregnant or nursing. Consult a medical doctor before use if you have a medical condition or before starting a diet or exercise program. One serving (1 scoop) of this product contains up to as much caffeine as 1.5 cups of coffee. Caffeine-sensitive individuals may experience symptoms including (but not limited to) restlessness, nervousness, tremors, headache, anxiety, palpitations, increased heart rate, and difficulty sleeping. Do not combine with other sources of caffeine. Do not use if you have had a myocardial infarction (heart attack). Some individuals may experience a harmless tingling sensation from the concentrated performance dose of beta-alanine. Inhalation may amplify the inflammatory airway response in people with asthma. Use only as directed. **KEEP OUT OF REACH OF CHILDREN.**
