

DIRECTIONS: Take two softgels daily, or as directed by your healthcare practitioner.

Phosphatidylcholine (PC) is perhaps the most important molecule among tens of thousands of molecules that comprise a cell. It makes up approximately 50% of the cell membrane, which holds the balance of life in every cell. The pure phospholipids in **PhosphaLine 4:1™** form liposomes in the body's watery environment.

Whereas many other PC formulas on the market contain an approximate ratio of 12:1 between omega 6 and omega 3 fatty acids, PhosphaLine 4:1 contains a 4:1 ratio, which has been endorsed as optimal by the World Health Organization.

CAUTIONS: Consult your healthcare practitioner before use. Avoid if allergic to any ingredient. Keep out of reach of children.

STORAGE: Keep tightly closed in a dry place at controlled room temperature 15°-30°C (59°-86°F).

DOES NOT CONTAIN: Wheat, gluten, corn protein, yeast, soy protein, dairy products, fish, shellfish, peanuts, tree nuts, egg, artificial colors, artificial sweeteners, or preservatives.
