Structure Function Support with
Superior Maxcelint Uptake*

Patented Structure Function Support Formula*

Potentiated Magnesium® (pMg) is an advanced and gentle form of the essential mineral magnesium (Mg), featuring Maxcelint Uptake for enhanced intestinal absorption and optimum cellular utilization,* and is the same advanced form of magnesium used in the following worldwide patents: U.S.A. 5,849,337, U.S.A. 6,372,264, Canada 2,295,108, China 02,828,726.6, Japan 3,622,985, and France, Germany, and the United Kingdom EU1,003,370.

Go To The MAX® is Potentiated Magnesium and the mineral zinc. **Go To The MAX®** supports and helps maintain the balance, stability, structural integrity and normal function of the human body, especially the cardiovascular system, the immune system, normal muscle function and strength, and balances calcium metabolism.*

Go To The MAX® is magnesium and zinc at their full potential.*

Directions: As a dietary supplement for adults, take with plain cool water two (2) tablets daily, in divided doses, with meals and at bedtime, or as recommended by a healthcare practitioner. Benefits are continued daily dose dependent.*

Important: Take with plain cool water only. First-time users, start with one (1) tablet daily and gradually increase dose over a few days. May be beneficial to also take psyllium dietary fiber on a daily basis.*

Warning: Do not exceed more than 40 mg of zinc per day. If pregnant or lactating, or otherwise under the care of a physician, or if any medical condition exists, or taking any medication, or if sensitive to any ingredient, consult your doctor before taking.
