BACKGROUND INFORMATION:

Nopal Cactus has been used for thousands of years by natives of Mexico and the American southwest as a food and powerful medicine. Warrior's Endurance™ contains the authentic Opuntia Streptocantha species (which is the only species that has shown such significant benefits).

Heat Shock Proteins (HSPs) are proteins synthesized by the body in response to physical stress and heat. They allow the body to better adapt to physical extremes. HSPs usually form in about 2-3 hours from physical stress. Nopal can reduce this time to 10-15 minutes, allowing for much greater resistance to stress, more endurance, more stamina, and faster recovery*. Warrior's Endurance™ is 100% Whole Leaf Nopal, so you get all of the benefits and the natural balance of phytonutrients.

Additional benefits include nutritional support of:

- BLOOD SUGAR • INSULIN • CHOLESTEROL
- BOWEL • LIVER & IMMUNE SYSTEM FUNCTIONS;
- TIMED-RELEASE OF NUTRIENTS* • EXTENDED

HYDRATION (WHEN CONSUMED WITH SUFFICIENT FLUIDS)

Nopal is so powerful and versatile it has even been shown to greatly lessen the effects of a hangover when taken before, during, and after alcohol consumption*. Does NOT make you less drunk (don't drink and drive or do anything else stupid, reckless and deadly!). Don't use this as an excuse to drink.

EcoFRESH NUTRIENT LOCK™ PACKAGING: Recyclable amber glass with air tight rubberized metal lid and oxygen absorber actually preserves the effectiveness of the product.

SUGGESTED USAGE: 3-6 VeganCaps™ upon arising (light stomach) and 3-6 VeganCaps™ per meal/snack. VeganCaps™ can be opened up and mixed into sweet drinks/smoothies for maximum effects on blood sugar (Nopal powder is bitter, do not mix in so many caps that your drink/smoothie becomes unpalatable). **INTENSIVE USAGE:** 12 VeganCaps™ upon arising and 12 with each meal/snack.

SUGGESTED ADJUNCTS: WarriorForce™ "Warrior Greens™" & "Warrior's Foundation™", whole foods diet.

CAUTION TO INSULIN USERS/

DIABETICS: Due to Nopal's natural effect of assisting the moderation of blood sugar and insulin levels*, check with your doctor as your usage may need to be monitored/adjusted.*

What is a True Warrior™?

It is easy to be an aggressive, selfish, mean, asshole. Just combine a bad attitude with some "roids" or take legal substances/chemicals that imbalance your body and hormones. Then you are just a Barbarian. A True Warrior™ is kind, unselfish, caring, and lives consciously by a code of ethics/honor such as Bushido (Samurai), or Chivalry (Knights), yet at the same time is completely willing to stand up for those who need it, & unleash a fury of appropriate force, should battle be required. A True Warrior™ is conscious of all the choices made in life, and is open-minded. The world needs more True Warriors™. Are you a True Warrior™?
