Glucosamine and Chondroitin naturally occur in our cartilage and can provide many benefits. Glucosamine and Chondroitin act as a cushion between the bones in a joint. **ORPHIC NUTRITION™** Glucosamine & Chondroitin capsules are formulated to increase joint mobility & flexibility, strengthen cartilage, relieve joint stiffness and much more.*

SUGGESTED USE:

For best results, take three (3) capsules daily before a meal. For quicker relief, take a loading dose of six capsules daily for the first two weeks.

CAUTION: Consult with a physician prior to use if you have any medical conditions. Glucosamine is derived from shellfish. People allergic to shellfish should not consume this product. Keep out of reach of children.

Cartilage wears down due to the natural aging process and by the repetitive friction between the joints during exercise. **Glucosamine & Chondroitin** is designed for anyone who has joint stress or experiences joint stiffness. The nutrients in **Glucosamine & Chondroitin** help to rebuild and maintain joint flexibility.*
