

SUGGESTED USE: Take 3 capsules twice daily. Prebiotic Formula may be taken continually to support overall health.*

The millions of bacteria in our digestive tract are living organisms that need food to survive. They feed on prebiotic fibers, which are highly digestible to good bacteria. It is important to get enough prebiotics daily to feed the millions of microflora in your digestive tract.

Prebiotic Formula contains Prebiotics, Probiotics, and Digestive Enzymes which work together to help maintain a well-functioning digestive system.*

A SIMPLE PROMISE

It all starts with integrity. We never create anything that we wouldn't use ourselves or give to our own children.
