

MorEPA® PLATINUM is an ultra premium Omega-3 supplement utilizing dual supercritical CO₂ extraction technology that delivers an unprecedented 1,100mg of Omega-3 nutrition and 250% Daily Value of Vitamin D in a convenient, once daily serving. **MorEPA® PLATINUM** offers a clean, orange flavor with no fishy aftertaste.

Cold processed. Smart choice.

Dual supercritical CO₂ extraction utilizes less heat during the concentration process than the leading brands—the typical process can expose heat-sensitive oils to temperatures as high as 400° F. Liquid CO₂, an organic compound, takes the place of typically-used harsh chemical solvents.

Minami also offers one of the highest concentrated Omega-3 fish oils on the market, which means more Omega-3 nutrition, no fillers and fewer softgels to take—now that is smart.
