SIZE

SUGGESTED USAGE: As a dietary supplement, take 1 softgel every 2 days with a meal, or as directed by your health care practitioner.

Do not exceed the recommended dose. Consult your health care practitioner if you have any kidney disorders, hypercalcemia, are taking any medications, or are pregnant/lactating. Keep out of reach of children.

NOW® Vitamin D softgels supply this key vitamin in a highly-absorbable liquid softgel form. Vitamin D is normally obtained from the diet or produced by the skin from the ultraviolet energy of the sun. However, it is not abundant in food. As more people avoid sun exposure, Vitamin D supplementation becomes even more necessary to ensure that your body receives an adequate supply.
