- Sweet flavor with low glycemic index
- Good source of fiber
- Supports a healthy immune system*
- Supports tissue regeneration*

NET WT. 16 OZ. (454g)

Vegan
Gluten-free

THE GOLD OF THE INCAS

Native to the Andes, the lovely lucuma fruit was prized by the Incas for its health benefits, including longevity and fertility. Resembling a cross between a mango and a pear, the lucuma fruit's golden flesh is bursting with nutrients. With its low glycemic index and a flavor like maple, lucuma is a perfect source of sweetness for those on a sugar-controlled diet. It's packed with antioxidants and essential trace elements, supporting tissue regeneration, youthfulness and a healthy immune system while giving you your daily dose of sweetness.*

The Zint Difference: Our organic lucuma is sourced from wild-growing plants in the Andean Region of Peru. In accordance with fair trade values, our suppliers gather the fruit naturally, working with hundreds of small local producers. Once picked, peeled and pitted, the raw lucuma fruit is slow-dried at low temperatures and milled to a fine powder, preserving its amazing nutrients in their purest form.

Usage: The naturally sweet flavor of our lucuma makes it a great way to indulge your sweet tooth while supercharging your vitality. Make a lucuma smoothie, stir it into juices, or sprinkle it over ice cream, yogurt, cereal and desserts for a delicious nutritional boost.
