

## MY GUARANTEE

This bottle of branched-chain amino acids provides you with 6 full grams of BCAAs per serving at the ideal ratio of 2:1:1 of leucine:isoleucine:valine. These 3 essential amino acids, when provided at this proper amount and ratio, deliver enough leucine to help optimize recovery post-workout with adequate valine to help blunt fatigue and boost energy when taken before workouts. This has helped me take my workouts and recovery to a higher level. My hope is that it provides you similar RESULTS!\*
