

MorEPA® is a premium Omega-3 supplement utilizing supercritical CO₂ extraction technology that delivers 800mg of Omega-3 nutrition in a convenient, once daily serving. With unsurpassed purity levels, **MorEPA®** offers a clean, orange flavor with no fishy aftertaste.

Cold processed. Smart choice.

Supercritical CO₂ extraction utilizes 400% less heat than the leading brands—the typical process can expose heat-sensitive oils to temperatures as high as 400° F. Liquid CO₂, an organic compound, takes the place of typically-used harsh chemical solvents.

Minami also offers one of the highest concentrated Omega-3 fish oils on the market, which means more Omega-3 nutrition, no fillers and fewer softgels to take—now that is smart.
