

THE STORY OF WARRIORFORCE™

I have been into athletics all of my life. Not just "sports," but hard-hitting, muscle-pumping, heart-pounding, mentally-gruelling, endurance-testing sports... Warrior Sports. *I would rather die than be denied my Warrior Spirit - that is just who I am!* I am also hard-core into *health!* Unfortunately, sports "nutrition" products usually have nothing to do with actual health. They are notoriously UNhealthy, many of them downright toxic — ultimately contributing to a Warrior's demise. I am a Naturopath and Herbal medicine researcher, and have embraced a hard-core healing lifestyle for 25 years, during which I have seen people who had healthy looking physiques degenerate and die much too soon (or die suddenly) due to their toxic diet, lifestyle and supplements. NOT ANYMORE. I have vowed to change that, and WarriorForce™ is that change. **Warrior Food™** enhances your physical appearance and your performance, without sacrificing your health ... or your ethics. 100% high performance complete protein/ amino acid profile! 100% Raw. 100% Vegan! Regardless of your diet, lifestyle and ethics, whether you are a professional athlete or a "weekend warrior", this is the best performing protein supplement you can buy (*with numerous benefits way beyond isolated proteins*).

WHAT IS A TRUE WARRIOR?

It's easy to be an aggressive, selfish, mean, asshole. Just combine a bad attitude with some "roids" or take legal substances that imbalance your body and hormones. Then you are just a Barbarian. A True Warrior™ is kind (to others - even kind to non-warriors, kind to animals, and kind to the earth), unselfish, caring, and lives consciously by a code of ethics/honor such as Bushido (Samurai) or Chivalry (Knights), yet at the same time is completely willing to stand up for those who need it, & unleash a fury of appropriate force, should battle be required. A True Warrior™ is conscious of all the choices made in life, and is open-minded. The world needs more True Warriors. Are you a True Warrior™? If not, I invite you to become one!

@ True Warrior™

100% TruGanic™: Since the USDA now owns Organic, pesticides/poisons are allowed in Organic products under many circumstances! ...and many pure foods like wildcrafted herbs/superfoods are NOT considered organic, even if grown organically and 100% verified free of pesticides, GMO, and irradiation! TruGanic™, on the other hand, is a purist, hard-core quality standard significantly beyond Organic standards, with actual verification via testing that Organic does not have.
