

TRANSFORM YOUR WORKOUTS INTO MOMENTS OF GLORY

Glory. You won't find it at the goal line, the top of the key or the bottom of the ninth. You'll find it in sweat, sacrifice and hard work. That's why we engineered Six Star® Whey Isolate to fuel training, support recovery and help you grind it out. And, with the advanced ingredient ProHydrolase®, it's scientifically formulated to transform your everyday workouts into moments of glory.*

Is Six Star® Whey Isolate amplified with ProHydrolase® right for you?

Formulated for those who find glory in the grind, Six Star® Whey Isolate can:

- Boost your protein intake
- Help build lean muscle*
- Accelerate workout recovery*

The result? A clean, ultra-pure protein.

It's micro-filtered to reduce fat, lactose and impurities, and it's gluten free. To maximize its effectiveness, take before and after workouts. On days you're not grinding it out, consume anytime or between your two largest meals. Mix with water and stir, shake or blend.

What is ProHydrolase®?

Besides sounding epic, ProHydrolase® improves protein digestion safely and effectively. So, what does that mean? Put simply, you'll absorb more amino acids with every serving — in one study, subjects absorbed 20% more amino acids than when taking whey protein alone. That means ProHydrolase® will help maximize the benefits of every scoop of Six Star® Whey Isolate.*

FOR YOUR BEST RESULTS

ADD THESE SIX STAR® PRODUCTS TO YOUR DAILY ROUTINE.

PRE

SIX STAR® PRE-WORKOUT EXPLOSION

Use 30 to 45 minutes before workout
